10 - What did the teaching assistant do well? What areas could the teaching assistant improve upon?

Gwenhwyfar Hartshaw

Response Rate 3/8 (37.5%)

- Good at explaining things in a way I could understand
- Gwenhwyfar was always there to answer questions while still challenging us to understand why the answer what it was. Given the online environment, I was very pleased with the responsiveness of the TA's in my section.
- checking in on students during recitation was good, other than that there could of been a little more explanation and going over the lecture material to ensure understanding of the materials.
