- Good TA but he needs to speak louder because I cannot hear him most of the time.
- I think he was fantastic. He was extremely knowledgeable and helpful on any topic. I noticed some other students in this section didn't like the course info itself and acted disrespectfully, but Mr. Hartshaw did a wonderful job regardless. He deserves an equally great review for his efforts.
- Mr Evan unfortunately was not a fantastic T.A and poorly reflected the MAT 284 department. Oftentimes he would arrive to recitation late, and when asked a question on our worksheets he would struggle to explain/ answer the question. I have no doubts that Evan is a superb mathematician, but unfortunately he cannot teach.
