- Didn't explain material well. Wasn't engaging. Nice guy but I expected more for business CALCULUS!!
- He was fine. Came in taught us and that was it.
- I found this TA a bit rude and disrespectful. When handing back papers, often times he couldn't pronounce some students' names which was understandable. However, when this happened he would say things along the lines of "Noor Qa-, oh whatever it is". I found this a bit disrespectful and so did some of my peers.
